

MESA Conflict of Interest Statement

MESA Grant Applicant

MESA requires that collaborators disclose any circumstances that could give rise to a potential conflict of interest related to the subject of the activity in which they will be involved (i.e. any interest that may affect, or may reasonably be perceived to affect objectivity and independence).

If the answer to any of the questions is “yes”, briefly describe the circumstances following your answer. Answering “Yes” to a question does not automatically disqualify you.

The term “you” refers to yourself and your immediate family members. “Commercial entity” includes any commercial business, industry association, research institution or other enterprise whose funding is significantly derived from commercial sources with an interest related to the subject of the project. “Project” refers to the project proposal you are submitting as a principal investigator in response to a call for proposals.
